## Pure Michigan video shoot for Grayling held on the AuSable River

by Dan Sanderson  
Staff Writer

Things got viral on the Main Branch of the AuSable River on Monday in a Pure Michigan way, with kayakers, canoers and fly-fisherman showcasing Grayling as a recreation destination.

Pure Michigan, the state's official marketing program, partnered with Rob Bliss and Jeff Barrett from the Grand Rapids-based marketing firm Status Creative, to create a digital Internet video showcasing 50 Michigan cities. The duo and crew plan to visit the communities and film the spots in seven days.

On Monday, the advertising spot featuring the Grayling area was filmed off of the Stephan Bridge Landing on the Main Branch of the AuSable River.

Longtime Grayling musician Brian Ashton, who is also an avid angler, was recruited to sing for the video. Wearing waders and casting a fly rod, Ashton sung the line, "Good morning, its time for ah bite."

About 20 people were in the background, including fly-fish-

erman in riverboats from the Gates AuSable Lodge. Kayaks and canoes were brought from Borchers Canoe and Kayak and Penrod's AuSable River Resort Canoe and Kayak.

Bliss and the film crew rolled up their pant legs and spent about an hour in the chilly AuSable River waters. They took 40 takes of Ashton singing the single line for the spot.

Barrett watched the action from shore. Grayling was the 11th stop on the 50-city tour and the third of eight the crew did on Monday.

"It's going really well," Barrett said. "You couldn't have asked for a better day. I love how the scene is coming together and the singer. This is perfect. This is what we want every time."

The current video is being done for Pure Michigan and Chrysler.

Last year, Status Creative made a digital video called the Grand Rapids lip-dub.

The video went viral, meaning it was recommended to so many Internet device users that it received nearly five million hits

or visits.

"This is the same concept," Barrett said. "Obviously, if you are from here or were here once and want to point out Michigan to people, you can point them to the video and show Michigan off with some pride."

Bliss was pleased with the shoot after exiting the AuSable River.

"It was incredible," Bliss said. "Our singer was fantastic and we got a lot of energy out of the surrounding crowd. It was beautiful scenery and I think it's going to represent Grayling very well."

The crew and directors quickly dried off, packed up their equipment and headed off to their next stop in Midland.

"The overall goal of the video is to showcase the different cities across Michigan from big to small," Bliss said. "It was a great scene and I think Grayling is going to look awesome."

Ashton said he was proud to lend his pipes to help promote the community, while wearing and using some family-fishing artifacts.

## Fish Hatchery issues addressed at forum

by Dan Sanderson  
Staff Writer

The head of the Michigan Department of Natural Resources (DNR) Fisheries Division said the state would not exercise a clause to take back the Grayling Fish Hatchery property as long as public access continues and issues are addressed by state agencies.

About 40 people attended a public forum last Thursday hosted by Crawford County regarding future management for the Grayling Fish Hatchery.

In March, the Grayling Recreational Association informed Crawford County that it could not operate the Grayling Fish Hatchery due to operational losses.

Since then, Crawford County and the Harrietta Hills Fish Farm, LLC, have entered into an agreement to keep the tourist destination open to the public.

Dan Vogler, the owner and general manager of the Harrietta Hills Fish Farm, said an agreement has been reached with the county to operate the hatchery for two years. Vogler is seeking to operate the Grayling Fish Hatchery year-round for commercial production of rainbow trout. The fish hatchery would be open to the public during the tourism season, as it has been for the last 30 years.

"The bottom line is we have a potential win-win" Vogler said. "It's an opportunity to bring an idle facility back into production."

## Annual Old U.S. 27 Motor Tour coming to Grayling

by Dan Sanderson  
Staff Writer

Dozens of classic cars, the Just for Kicks Cloggers and Elvis will be in Grayling as the sixth annual Old U.S. 27 Motor Tour rolls into the community.

Between 150 to 200 classic cars and hot rods are expected to be in downtown Grayling from 5 p.m. to 8 p.m. on Friday, Aug. 24.

Activities will get underway at 5 p.m. with a street dance with the Just for Kicks Cloggers.

The cars in the traveling car tour will be on display downtown.

A new event this year will be the showing of "Viva Las Vegas" at 9:30 p.m. at the Rialto Theatre. The 1964- movie, starring Elvis Presley and Ann-Margret is being shown through the Rialto Film Club, which was founded by Jordan Stancil and his dad George Stancil last year.

Craig Parrish, the founder of the Old U.S. 27 Motor Tour, requested the film be shown in conjunction with the car show for participants and the public to enjoy.

"A lot of Elvis aficionados believe that was the best movie he ever did," Parrish said. "That was when he was really in his prime."

Before the movie begins, car tour participants will be encouraged to have their photos taken with their vehicles in front of the marquee as it is fully lighted.

## School district is offering Great Lakes Online Education program

by Dan Sanderson  
Staff Writer

Home-schooled and parochial school students will be able to take advanced placement courses and students that don't do well in a traditional classroom setting will be able to take classes through a new online program offered by the Crawford AuSable School District.

The Crawford AuSable School District is rolling out a new online program called Great Lakes Online Education (GLOE).

Changes in federal and state education laws allow students to gain credit toward graduation by taking online courses.

One popular online education program claims it is non-profit and is a free virtual school. The program, however, collects state funding for the student, gained from the fourth Friday student count in September, but does not continue to mentor the students, said Brian Banda, the director for GLOE.

Often, students return to public schools, but the school district are not getting reimbursed for costs incurred.

"They're dropping the ball on these students once they receive the funding and that's our concern," Banda said. "We want to be able to provide that education for everyone."

Banda stressed that school officials want to keep students enrolled in the schools since the district has received high state and national recognition.

Through GLOE, Banda will arrange qualified teachers to work with the students and he will oversee their progress.

"I will be the mentor, providing everything for those students to make sure they are progressing and will find whatever services they need to be successful," Banda said.

The program is ideal for home-schooled students and parochial school students for advanced placement classes. A student could gain up to 12 credits through GLOE, then move to take courses at the next level or college level classes.

"If they work their tail off at it and spend a tremendous amount of time, as soon as they've done the coursework and take the test, they receive credit for it and can move on to the next class," Banda said.

Students, who leave the area for a short time, but plan to return, can continue their education through GLOE.

"This just keeps it seamless until they return," Banda said.

The Crawford AuSable School District's alternative education classes will utilize GLOE. Students, who were in the alternative education classes that are now 20-year-old, can continue their education, but are not allowed by in the Grayling High School because there are students under 16-years-old due to new state laws.

"The laws are changing so rapidly and drastically and

radically from day-to-day, we're just not sure what is happening," Banda said.

Students, who don't do well in the traditional school setting due to truancy or other issues, can get their education through GLOE.

"It just provides us an additional resource to help a child be successful," Banda said.

The school district will purchase the online courses taken by the students and will receive funding through the state for their enrollment. The program will be marketed to students throughout northern Michigan.

"The intent is not for the school district to make money here," Banda said. "The intent is not to lose our children to an on-line, for-profit service and have those students come back to our district."

Banda retired after serving as the Crawford AuSable School District's athletic director as well as physical education and social studies teacher. Prior to working for the school district, Banda served as a social worker at the Gaylord Intermediate School and for the Department of Social Services.

"This kind of fits right into my background," Banda said. "I can work with these students and help them be successful in the program."

# Neighborhood Connections has another successful year

Photos by Dan Sanderson

The Crawford County Human Services Collaborative hosted their third annual Neighborhood Connections at the Grayling High School on Aug. 14. The event connected community members to the variety of services and programs available around the community. Above, Jim Smith, of the Grayling Sportsman's Club, gave out free gunlocks at the event to educate hunters how to be safe at home, in the field and in the woods with their firearms. Dummy guns, guns that have been deactivated not to shoot, were used to demonstrate how the locks work. Above right, Ken Poulson, a member of the Association to Rescue Kitters (ARK), demonstrated an American Kestrel, also known as a Sparrow Hawk, named "Monique" for onlookers. Below, Gary Psenicka picked up two bags of food made available for people who attended the event. Crawford County Transportation Authority bus drivers helped with the food distribution. The food came from the Food Bank of Eastern Michigan and was made possible by the Crawford County Community Christian Help Center.

## Election outcome remains the same

by Dan Sanderson

A candidate running to serve as Beaver Creek Township's Supervisor gained one vote during a recount held on Friday, but the outcome of the primary election contest ended the same.

Incumbent Beaver Creek Township Supervisor Brian Ashton survived a challenge by Max Meisner by a 236 to 231 vote, following a recount conducted by the Crawford County Board of Canvassers on Friday.

At the primary election polls on Tuesday, Aug. 7, Ashton received 236 votes,

while 230 voters supported Meisner.

The Crawford County Board of Canvassers first sorted through the 531 ballots cast in Beaver Creek Township. The ballots were checked to determine if they were spoiled, meaning candidates crossed over on the ballot to vote for both Republican and Democrat candidates.

The ballots were also sorted and kept in piles for each candidate. Some voters voted for both Ashton and Meisner, while others did not support either candidate. Those ballots were not counted to determine the

election results. One voter wrote Meisner's name in as a Democrat, but his name was listed on the ballot as a Republican. That ballot was also disqualified.

Finally, all ballots were hand-counted by all four members of the Crawford County Board of Canvassers.

Retired Crawford County Clerk/Register of Deeds Elizabeth Wieland and Clarine Jorella serves as Democrat appointees on the Board of Canvassers. Jeannette Kitchen and Kathleen Riehle are Republican appointees to the panel.

## Frederic man injured in crash

by Dan Sanderson

A Frederic Township Fire Fighter and EMT student was injured in an accident on Friday when the motorcycle he was riding collided with a car.

The Frederic Township Fire Department responded to a motorcycle/car accident at 4:04 p.m. on Friday, Aug. 17 at the intersection of County Road 612 and Old U.S. 27.

The motorcycle was driven by Scott Clark, who was returning home from annual training at Camp Grayling with the 1442nd Firefighting Detachment of the Michigan National Guard.

Clark's motorcycle collided with a car that had pulled into oncoming traffic. He sustained multiple injuries and was airlifted to Munson Medical Center by the Northflight Air Division after receiving treatment from fellow employees from the Frederic Township Fire Department at the scene.

During the flight to Munson Medical Center, the Northflight pilot decided to land the helicopter at the Grayling Army Airfield

for the safety of the patient and his flight crew due to potential mechanical issues.

Frederic Township paramedics met the helicopter at the airfield, where both agencies continued to transport Clark to Traverse City

for trauma services via an ambulance.

Clark was wearing a helmet. The accident remains under investigation by deputies from the Crawford County Sheriff's Office.

### McCotter saga casts a shadow over entire system

THE STRANGE case of former US Rep. Thaddeus McCotter of Livonia would be almost funny if it weren't so serious.

The script would fit right in with a British sort of television mystery, or a slam-bang crime novel by Michigan's own prolific author Elmore Leonard.

Any way you look at it, it sure is strange, and probably unique. At least, most folks who follow the ins and outs of elective politics probably have never heard of anything like it.

And it's not over yet. Here's the story so far, in brief.

While then-US Rep. McCotter was on a congressional trip to Taiwan, his Michigan office staff put together and filed nominating petitions for his sixth term election. With 1,000 signatures required by May 15, the McCotter staff filed almost 2,000.

Considering the experience of McCotter staff members, this should have been a routine matter.

At the Secretary of State office,

a diligent part time contract employee checking the petitions found only about 200 or so signatures that seemed legitimate. The rest apparently were duplicated, or had been cut from previous nominating petitions or other documents and pasted on the new petitions, or had been otherwise illegally doctored, witnessed and submitted as legitimate.

So Mr. McCotter did not qualify as a candidate this time. He called for a full investigation by the Attorney General, and promised his complete cooperation.

At first he said he would stay in Congress to serve out his present term, but instead resigned in July, leaving his constituents without a local voice in Congress.

It also presented a political dilemma for his Republican colleagues. The seat will be vacant until a special election, to be held by local governments and which could cost them up to \$365,000.

\* \* \*

THE INVESTIGATION by

Atty. Gen. Bill Schuette brought official charges against four members of the McCotter Michigan staff with a combined 13 felonies and 21 misdemeanors.

These staffers were not amateurs. Two had worked with Mr. McCotter since he was in the state senate, another was hired in 2007, and the fourth joined the staff in 2008 but had previous congressional staff experience.

Flouting the legitimate election and nomination laws is disgraceful, and certainly casts a shadow over the entire system.

But wait: There's more.

Further probing by private sources of earlier McCotter nominating petitions indicate the cut and paste system of producing signatures, duplicating signatures, and other similar variations from legitimacy has been a frequent pattern, possibly going as far back as the 2006 nomination.

\* \* \*

WHAT HAPPENS now? Here are some questions to ponder:

Has Thaddeus McCotter been a legitimate member of Congress for the last 10 years if his petitions were falsified earlier? Is he entitled to the pay he received for those years?

How about the perks and benefits, such as continued health insurance and congressional pensions?

If he was not a legitimate candidate in some of his elections, should he return the money and expenses he was paid while a pseudo-Congressman?

Should his votes in Congress be removed from the record? What happens if some of his votes made a difference in passage or defeat?

\* \* \*

AND HERE are some things to consider about the Secretary of State's role, which to me is major part of this continuing saga:

If the petitions were phony in past elections, why wasn't that fact discovered? Or was it discovered, and incumbent petitions were only scanned and not studied?

Does the system of inspecting nominating petitions and verifying signatures require overhaul? Should some other agency handle incoming petitions?

Mr. McCotter is a Republican, and the last two secretaries of state who ran the office while the McCotter nominating system may have blossomed, also are Republicans. Does this fact hint at some sort of partisan leniency, or is it just coincidence?

\* \* \*

REGARDLESS OF the answers to the above posers, and many others that may arise, something should be done about this situation ... and it should be a bipartisan effort.

## Washington Notes

By Carl Levin, U.S. Senator (D-Michigan)

### Michigan Olympians are winners at more than just sports

There's a little something for everybody in the Olympics: drama, competition, pageantry and spectacle, stories of victory and of triumph over adversity. For Michigan in the 2012 Games in London, there was all that and more.

Our state was exceptionally well-represented at the just-completed games. Eleven athletes with Michigan ties won medals in London, including 10 Americans and one Canadian. But the Olympic Games are about more than victory and gold. Michigan athletes gave us valuable lessons, not just about hard work and dedication on the field or in the pool, but about how to overcome tough circumstances and handle adversity with poise.

Michigan cheered remarkable triumphs. Swimmer Michael Phelps, who perfected his legendary training routine in Ann Arbor, cemented his place as one of the all-time greats in Olympic history with four gold and two silver medals, bringing his all-time medal count to 22.

Another swimmer, Allison Schmitt of Canton, also ranks among the most successful Olympic athletes ever. She won five medals, three gold, in London, giving her six in her career.

Only six American women have won more.

Swimmers and University of Michigan graduates Davis Tarwater and Charlie Houchin helped the United States win gold in the men's 800 meter relay, and former U-M competitor Tyler Clary won gold in the men's 200 meter backstroke. Betsey Armstrong, another U-M graduate, helped the U.S. women win gold in water polo. Rochester native Peter Vanderkaay won bronze in the 400 meter freestyle.

Our state was well represented in track and field as well: Laurny Williams, a Detroit native and former silver medalist sprinter, helped the U.S. women win the gold medal in the 400 meter relay.

Michigan athletes stood out not just for their success in competition, but for their compelling stories.

Boxer Claressa Shields is a student at Flint Northwestern High School. Just 17 and barely old enough to qualify for the games, she defeated a boxer nearly twice her age, and far more experienced, for the middleweight gold medal. It was the first gold medal for the United States in women's boxing, and Shields impressed observers

in London with her enthusiasm and poise as well as her skill in the ring.

Gymnast Jordyn Wieber, a student at DeWitt High School, came to London with high hopes. But she left London with prizes more precious even than a gold medal: admiration and respect. Hampered by a leg fracture that required her to wear a protective boot after competition ended, she suffered disappointment in the individual events, but bounced back to help the U.S. women win their first team gold medal in gymnastics in 16 years. Wieber handled the scrutiny of the Olympic spotlight with dignity and maturity far beyond her years.

We're justifiably proud of all Michigan's Olympic athletes – no matter where they finished, the moment they set foot in London they achieved the rare honor of competing at the highest level. We thrilled to their victories, and we felt the pain of their disappointments. But most of all, we are proud of the way they represented Michigan and America: with dignity, determination and grit.

## Letters to the Editor

### Make the best deal possible

To the editor:

I attended the public meeting, August 16 regarding the Grayling Fish Hatchery and have some serious concerns.

Issues such as pollutant discharge, disease, escaping fish, and fish passage were brought up and addressed but not in anyway that was very satisfying. Each very rosy response was based on best-case scenarios but it's the worst-case situations that we read about in the headlines.

The county commissioners need to consider carefully the potential for degrading a world-class fishery and make their decisions accordingly.

Something else that bothers me greatly is finding out that our county is considering signing a contract that hands over the hatchery for 25 years while only getting in return around three months each year of recreational opportunity.

Both the length of the

contract and the seeming imbalance of value given (the year around use of the hatchery) and the value received (the short recreation season) are very troublesome. I would strongly urge the commissioners to make the very best deal possible for the residents of Crawford County.

This deal should include the following: a shorter length of time for the initial contract after which there will be an evaluation of the partnership, assurance that the hatchery will be left in as good or better condition as when the contract was signed, definite dates and times the hatchery will be open, and (most importantly) in lieu of an appropriate rent the, the hatchery will be open to the public for free and fish food available for free. A fee for catching fish could be agreed upon.

### Proud of the Frederic Fire Department

To the editor:

The people of Frederic and Crawford County should be proud of the Frederic Fire Department. I know I am.

Sunday, Aug. 12, at approximately 9 p.m. or so, the first fire truck went by my house to the natural gas complex on Co. Rd. 612, corner of Goose Creek Road, to check on a gas leak (smell in the air).

Then truck after truck and ambulances etc. all turned out to block all roads into the area from Kalkaska, Blue Lake area, Cameron Bridge Road, Co. Rd. 612 Goose Creek, Manistee River Road etc.

The only people effected by the gas smell were allowed to leave. There was no evacuation yet, but planned if necessary?

I packed some things just in case and got ready to leave if told to do so. About 11 p.m. after the gas company truck and employees arrived and relieved the fire department did I feel safe to go to bed. Upon waking the gas smell was still in the air, rather strong yet. I hope it clears soon.

Frederic Fire Department keep up the good work.

## Take precautions to prevent rabies

The Health Department would like to remind residents to take precautions to prevent rabies due to exposure to bats.

"This is the time of year when bats are most active," says Dr. James Wilson, Medical Director for District Health Department #10. "Bats have been found to be the main carriers of rabies in Michigan. They are a special concern because they have such tiny teeth that a person may not realize they have been bitten."

Late summer is the time when young bats born in spring are now old enough to fly in search of food and lodging. Bat bites are rare, and most bats do not carry rabies. But people should be aware that most human rabies cases in the U.S. are caused by bat bites that probably were unrecognized or undetected.

Of the bats tested at the Michigan Department of Community Health, about 6% test positive for rabies.

Rabies is a serious viral disease spread by the saliva of an infected mammal. This can occur through a bite or contact with open cuts in the skin. It may also happen if infected saliva gets into mucous membranes, such as eyes, nose, or mouth. Without proper treatment, it is nearly always fatal once the virus reaches the brain. When it is detected early, human rabies can be prevented by administration of rabies vaccine.

There is no way to tell for sure if any animal has rabies without testing of brain tissue. If exposure to a possibly rabid bat has occurred, it is vitally

important to seek treatment. If the bat is contained, properly euthanized so the brain is not destroyed, and tested promptly, vaccination will not be needed for a negative bat. If the bat is not available to be tested, it must be assumed to have been positive, and vaccination is recommended.

"When a bat is found in the house, many people have the gut reaction of killing it or chasing it outdoors," said Wilson. Instead, the Health Department recommends you safely confine the bat and seek advice about having it tested for rabies. "This is especially important if a bat is found in a room with a sleeping person, a child, a mentally disabled person, or an intoxicated person," said Wilson.

To safely confine the bat, wear leather gloves, approach it slowly, and trap it against a wall by putting a small box or other container over it. Slide a flat cover along the wall and over the container. Securely tape the container shut, making sure the live bat can still breathe. Then contact your local health department office or county animal control officer for assistance.

You can find more information about bats and rabies, including how to humanely euthanize a bat, at [www.michigan.gov/emergingdiseases/0,4579,7-186-25807---,00.html](http://www.michigan.gov/emergingdiseases/0,4579,7-186-25807---,00.html).

## People Fund Grant applications deadline announced

The Great Lakes Energy People Fund is accepting grant applications from non-profit organizations throughout its local service area. The upcoming grant application deadline is Oct. 1.

The People Fund is supported solely by Great Lakes Energy members who allow their electric cooperative to round up their bill each month to the next dollar. Since 1999 more than \$2.2 million in grants have been awarded to charitable and community organizations throughout Great Lakes Energy's 26-county service area, which stretches from Kalamazoo to the Mackinac Straits.

"Great Lakes Energy members make the People

Fund possible by rounding-up their bill each month," says President/CEO Steve Boeckman. "We encourage non-profit community organizations to apply so that the funds can be utilized in our local service area."

Non-profit organizations can request a grant application online at [www.gtlakes.com](http://www.gtlakes.com) or by calling Great Lakes Energy at 1-888-485-2537, ext. 1313. Non-profit organizations that serve communities located in the Great Lakes Energy service area are eligible to apply.

Organizations that are unable to apply by Oct. 1 will have another opportunity to apply next year.

## Horse Liniment Erases Pain

HALEAH, FL. — An ingredient often used to treat inflammation in racehorse legs, is now back on the market in its original doctor recommended clinical strength formula.

According to a national survey, the formula at one time became so popular that it rose to the top of pharmacy sales for topical pain relievers. But the company marketing the product at the time changed the formula and sales plummeted. One of the inventors of the original formula has brought it back under the trade name ARTH ARREST and says it can relieve pain for millions.

ARTH ARREST works by a dual mechanism whereby one ingredient relieves pain immediately, while a second ingredient seeks out and destroys the pain messenger signal before it can be sent to the brain. Considered a medical miracle by some, the ARTH ARREST formula is useful in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more.

ARTH ARREST is available in a convenient roll-on applicator at pharmacies without a prescription or call 1-800-339-3301. Now at:

For the past 30 years, Weyerhaeuser's oriented strand board (OSB) mill in Grayling has been producing Weyerhaeuser flooring panels and sheathing products to help builders and remodelers construct high performance homes.

In recognition of the 30-year landmark achievement, the facility will host a series of celebration dinners for its employees the week of Aug. 20.

The Grayling facility opened in 1982 as Weyerhaeuser's first OSB mill-at that time, one of only a few in North America. Today, over 100 employees work with local suppli-

ers and contractors to produce high-quality Weyerhaeuser Edge™ flooring panels and OSB sheathing at low cost. All output from the mill is sustainably produced and SFI®-certified.

Over the past three decades, the Grayling mill has been an active member of the community, has received honors such as the United Way's "Spirit of Michigan" award and has been designated a Michigan DEQ Clean Corporate Citizen. Employees of the Grayling mill sponsor Relay for Life, participate in the Big Brother/Big Sister programs, lead river clean-up efforts and

forestry education events, are volunteer firefighters and give their time as support staff for the annual AuSable River International Canoe Marathon.

"Reaching the 30-year milestone is no small achievement," said Rita Allen, the Grayling mill manager. "We credit this accomplishment in part to our participative work system, which has led to a high-level of employee engagement and ownership. Not many mills at their 30th anniversary can say that 65 percent of their employees have 20 plus years of service. We can. We're extremely proud of our employees

and the commitment they show to the mill and surrounding community."

Weyerhaeuser Edge™ flooring panels are engineered for consistency to help builders construct flat and stable floors in homes. With self-gapping tongue-and-groove edges, installation is fast and easy. Edge flooring comes with a limited 25-year structural warranty against panel delamination. Weyerhaeuser wall and roof sheathing products are engineered to protect against buckling, cupping, warping and sagging to help ensure a structural system that is strong and will hold up over time.

**Club provides lessons for people new to paddling**

Windy, wavy, and cold weather didn't stop six junior paddlers and six veteran paddlers from participating in the first training session for Grayling Recreation Authority's new Grayling Canoe and Kayak Club on Thursday, Aug. 9.

The club is intended to promote paddling for people of all ages, organizers said. The first session featured several well known AuSable River Canoe Marathon paddlers, including Jeff Kolka, John Baker, Steve Corlew, Erich Podjaskie, and Jim Corlew. The youth paddlers included Dallas Johnson, Dane Streib, Evie Streib, Stuart Tomlinson, Nevan Pace, and Logan Podjaskie.

"Each youngster got to taste the thrill and speed of a racing canoe while teamed up with their mentor. Skills such as basic technique, draw stroke, brace stroke, and ruddering were taught in this first practice. The kids were also introduced to kayaking during the second half of practice. Basic forward stroke, bracing, and safety were emphasized. A wide variety of boats and paddles were available to try at no charge to the participants," event

organizers said. These learn-to-paddle sessions will continue throughout the summer every Tuesday and Thursday at 5:30 p.m. The club will meet at the beach area next to the campground on Lake Margrethe. Sessions are appropriate for anyone age six and over. Equipment is provided but people are encouraged to bring their own gear if they have it.

For more information please visit hansonhills.org or call Steve Corlew at (989) 348-9266. The second paddling session for the Grayling Canoe and Kayak Club was held on Tuesday, Aug. 13. "The weather was much more pleasant, which allowed for more on-the-water training and better photo ops for parents. Ten area youngsters came out to try their hand at the sport of canoe and kayak. Canoe technique, on-the-water

safety, and kayak technique were practiced in shallow water with instruction from Steve Corlew," event organizers said.

Corlew is a six-time AuSable Marathon competitor and winner of the 2007 La Classique in Shawinigan. Corlew is also a three-time USCA National Men's C-2 Champion and he was a member of the U.S. national kayak team in 2003.

**Income Guidelines for National Free and Reduced Priced Meals For Schools, and Child and Adult Care Programs Are Announced**

The Michigan Department of Education has announced the household income guidelines established by the U.S. Department of Agriculture for free and reduced price meals and free milk through the National School Lunch, School Breakfast, Special Milk, and Child and Adult Care Food Programs. The income guidelines are effective from July 1, 2012 through June 30, 2013.

The Crawford AuSable School District and C.O.O.R. Intermediate School District participate in these programs.

Schools and child care centers will provide a form for applying for free or reduced price meals. Only one application is required per household. Most participating centers and all participating family child care homes provide meals to all enrolled participants without any separate charge.

Children or foster children who are recipients of Michigan's Family Independent Program, Food Assistance Program, or Food Distribution Program on Indian Reservations households, or who are enrolled in Head Start, Even Start, an At-Risk afterschool center, or an emergency shelter, automatically qualify for free meals. Households with incomes less than or equal to the following guidelines qualify for free or reduced price meals or free milk.

Information supplied on an application for free or reduced price meals may be verified at any time. An appeal procedure is available for households where applications are denied.

Participating schools and centers accept applications for free or reduced price meals at any time during the year. A household may qualify for free or reduced price meals due to a temporary loss of income, such as a period of unemployment.

If a doctor has determined that a child has a disability, and the disability would prevent the child from eating the regular school or child care meal, the school or child care facility will make any substitution prescribed by a doctor at no charge. The doctor's statement, including prescribed diet and/or substitution, must be submitted to the food service department of the school or child care facility.

# The Bible Speaks

## America's Moral Roots

God, the Bible, and Christianity have been under increasing attack across America. The Family Research Council, a conservative non-profit group dedicated to the advancement of "faith, family and freedom in public policy and public opinion," was recently attacked by a gunman because of their beliefs.

The gunman's parents told the FBI that their son held "strong opinions with respect to those who do not treat homosexuals in a fair manner." The labor of historical revisionism has been to remove God, the Bible, and Christianity from all public places in our everyday lives.

Our Declaration declares, "We hold these truths to be self-evident, that all men are created equal. That they are endowed by their creator with certain unalienable rights; among these are life, liberty and the pursuit of happiness." Who was our creator? George Washington, the father of our country, said, "It is impossible to account for the creation of the universe without the aid of a Supreme Being." James Madison, the father of our U. S. Constitution, said, "The belief in a God All Powerful, wise and good, is so essential to the moral order of the World and to the happiness of man, that arguments which enforce it cannot be drawn from too many sources...." As Thomas Jefferson said, "Can the liberties of a nation be sure when we remove their only firm basis, a conviction in the minds of the people, that these liberties are the gift of God?"

Many people in our nation since the sexual revolution of the 60's no longer believe in the moral basis for our government as defended by Washington, Madison, and Jefferson. Our present cultural corruption was being

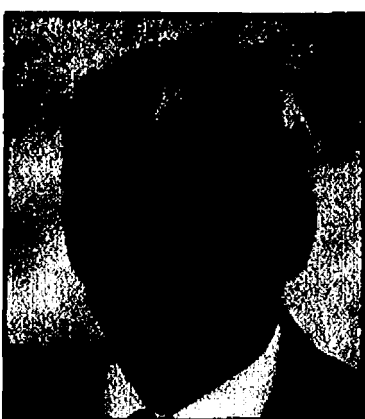

prophesied by John Adams when he said, "We have no government armed with power capable of contending with human passions unbridled by morality and religion. Avarice, ambition, revenge or gallantry would break the strongest cords of our Constitution as a whale goes through a net. Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other."

George Washington said, "It is impossible to rightly govern the world without God and the Bible." Andrew Jackson said, "The Bible is the rock on which our republic stands." U.S. Grant said, "The Bible is the sheet-anchor of our liberties." Patrick Henry said, "The Bible is worth all other books which have ever been printed." Milton said, "Who kills a man, kills a reasonable creature - God's image; But he who destroys the good book, kills reason itself." Horace Greeley said, "It is impossible to enslave mentally or socially a Bible-reading people. The principles of the Bible are the groundwork of human freedom."

Josiah Blake Tidwell said of the Bible: "It is the Christians' character. Christ is its subject, our good is its design, and God's glory is its end." "It is supernatural in origin, inexpressible in value, infinite in scope; divine in authorship, though human in penmanship; regenerative in power, infallible in authority; personal in application; inspired in totality." Jesus Christ said in Matt 22:29: "...Ye do err, not knowing the scriptures, nor the power of God." God and the Bible remain our only hope for America! Pastor "B"

# Annual Old U.S. 27 Motor Tour coming to Grayling

Continued from Page 1A

"The community has a beautiful theater," Parrish said.

The tour will begin in Auburn, Ind. at the Auburn Cord Duesenberg Automobile Museum. After that stop and museum tour the car tour will head to Angola, Ind. for the afternoon. The tour will then have its official Michigan start in Coldwater.

The Old U.S. Motor Tour will make 13 stops in communities in six days.

Parrish anticipates as many as 700 to 1,000 participants to take place in the car tour during different stages of the trip.

"This thing just keeps getting bigger and bigger every year," Parrish said. "That is not to shabby for a road trip."

Most of the participants take part in the initial stages of the car tour between Coldwater and Clare, before returning home for family and weekend commitments.

Parrish said he is producing participants to make the trip all the way to Cheboygan.

"I'm trying to get people to carry on all the way to Cheboygan," he said.

After leaving Grayling Saturday morning, the tour will stop in Gaylord and then will make a stop in

Indian River, a new destination for the tour, before making its way to Cheboygan.

Seven years ago, Parrish began seeking to have Old 27, which ends at the State Ferry Docks in Cheboygan County, established as part of a statewide Heritage Route that people traveled down to Florida before the federal interstate system was developed.

In 2010, state lawmakers passed a resolution declaring Old U.S. 27 as a historic road in the State of Michigan to recognize the road's heritage and potential to promote tourism and economic growth.

Now, funds are being collected to pay for signs that will educate people to the special designation along the roadway.

Parrish said Michigan Department of Transportation officials estimate it will cost \$10,000 to purchase the signage.

Donations cans will be at the registration table so people can chip in a few bucks toward the signs.

"A lot these towns have budget issues and I didn't want to come back to them when they are cash-strapped and ask them to pay for the signs," Parrish said.

## Pure Michigan video shoot for Grayling held on the AuSable River

Continued from Page 1A

"It was a wonderful opportunity and I think this is going to be a great opportunity for the area," Ashton said. "It's a wonderful opportunity for me to be able to do this after all of these years and to be able to

give my support to the community."

A few of the cast in the background joined the video shoot after learning about the video through Facebook.

Budding angler Eli Goreta came to the shoot with George Charney and

his wife Pam Charney, who are from Grosse Ile and have a home in Lovells.

"You couldn't ask for a better day for doing this," Pam said.

Goreta was stoked to spend time on the river near the camera crew.

"I think it was a fun time," he said. "I got to wear waders and it took a lot of time."

Rick Sak, a fly-fisherman and hunter from Livonia, was joined by Stuart Tomlinson of Grayling. Tomlinson is the son of Diane and Rob Tomlinson, the owners of the Woodland Motor Lodge.

"I think it was fun and it was a really good opportunity to show off the

Grayling area," Stuart said.

Illene Geiss-Wilson, the executive director of the Grayling Visitors Bureau, coordinated the Pure Michigan spot with Status Creative and those in the scene.

"I thought it was a great team effort from from Josh Greenburg at Gates AuSable Lodge, Brian Ashton and Penrod's and Borchers working together and the individuals who showed up," she said.

The video is slated to be on the Pure Michigan website in early September.

"I see this as a great marketing tool and a great way for the Grayling area to be seen by millions of people," Geiss-Wilson said.

# Issues addressed at forum regarding future of Grayling Fish Hatchery

Continued from Page 1A

Vogler said the hatchery would not be used to hatch eggs, but will be used to raise trout which are between six to eight inches and eight to 10 inches before they go to market.

Between 10,000 to 20,000 fish could be in each of the eight raceways at the Grayling Fish Hatchery. The hatchery has the capability of producing 180,000 to 200,000 pounds of fish per year.

Vogler said the increased fish production would cut down on seafood imported from other nations, and bolster the state's output of seafood.

"We ship fish 52 weeks a year, all the time," Vogler said.

Steve Sutton, the division chief for the DNR's Fisheries Division, said a memorandum of understanding could be reached between Crawford County, Harrietta Hills and the state. The agreement would be contingent upon maintaining public access and addressing other issues.

Crawford County Administrator Paul Compo said there is the potential to open up more public access on the 20-acre site through other entities.

"The county is always looking toward partnerships in doing improvements," Compo said.

Grayling resident Jeannette Martin said the fish hatchery is one of few places she can bring handicapped clients, including a girl who uses a wheelchair. "She loves the fish

hatchery," Martin said. "She loves feeding the fish."

Vogler fielded several questions from the public during the forum.

Vogler said any disease introduced into the fish at the Grayling Fish Hatchery would come from upstream on the AuSable River. There are known pathogens that are already in the river system.

Vogler said that the fish are monitored daily for their health as they are being fed.

"Our first-line of defense is always good management," Vogler said.

Jerry Kahn, who supplied trout for the Grayling Fish Hatchery for 30 years, said disease was only detected in brown trout twice. He said the disease was cleared up in less than a week.

Fish farms in Michigan are monitored by the Department of Agriculture and Rural Development (MDARD).

"Under normal management practices, these fish are going to be screened for their health in the first place," said Dr. Steve Halstead, the director for MDARD.

Planned infrastructure improvements are in place to prevent the escape of fish on site. Fish at the hatchery are sterile, and if they escape, would not breed with other trout and would likely be eaten by other fish, Vogler said.

Ed Eisch, the director of the DNR's fish hatcheries, said the Grayling Fish

Hatchery would be under the same scrutiny as fish hatcheries operated by the state.

"They are stressed fish from day one," he said. "That's the fact of life for fish in a hatchery."

Ultimately, Vogler needs a discharge permit from the Department of Environmental Quality (DEQ). The permit would address the release of fish waste and food that has not been consumed by the fish. Vogler said zones could be established in the raceways to remove fish waste, and the use of fish food would be minimized given the projected hikes in grain prices, Vogler said. He said the permit could take six to 10 months to obtain.

"Regardless if I raise 10 fish of 10 million fish, I have to hit that number established by the DEQ," he said. "We certainly have no interest in degrading the AuSable."

Vogler said fish management experts would be hired to oversee the hatchery, which would result in the creation of two to four jobs, as well as two added jobs during the tourism season.

"We won't be hiring some high school kid to sling fish feed," Vogler said.

All issues regarding the Grayling Fish Hatchery will be open to the community.

"This is going to take awhile and it will be very public," Compo said.

## Football team to start year with game at Roscommon on Thursday

Squad has a lot of depth, but it's a young group

by Caleb Casey  
Senior Staff Writer

The football program at Grayling High School had one of its most successful seasons ever last year, posting a 9-2 record in varsity contests – including one playoff win – and completing an undefeated season at the junior varsity level. The Vikings will try to build on that success this year with a group that has a lot of depth but not a lot of varsity experience.

What does the program have this season with regard to overall numbers?

"Lots," said Tim Sanchez, coach of the varsity football team. "Thirty-three to 34 on varsity, 27 on JV, so this is the most kids we've ever had" during the several years Sanchez has been the head coach or assistant coach.

"Big freshman class. Junior class is big. A couple of the seniors that haven't played in a long time or ever decided to be a part of it," Coach Sanchez said.

The breakdown, class wise, as of Friday, Aug. 10: 14 seniors (6 of whom did not play last year), 16 juniors, 4 sophomores.

Sanchez said only three of the seniors have significant varsity playing experience, so the squad will be relying heavily on its underclassmen this season. Five of the 16 juniors played varsity football last year as sophomores.

## Volleyball team will feature young group this year

Squad has six sophomores, three juniors, two seniors

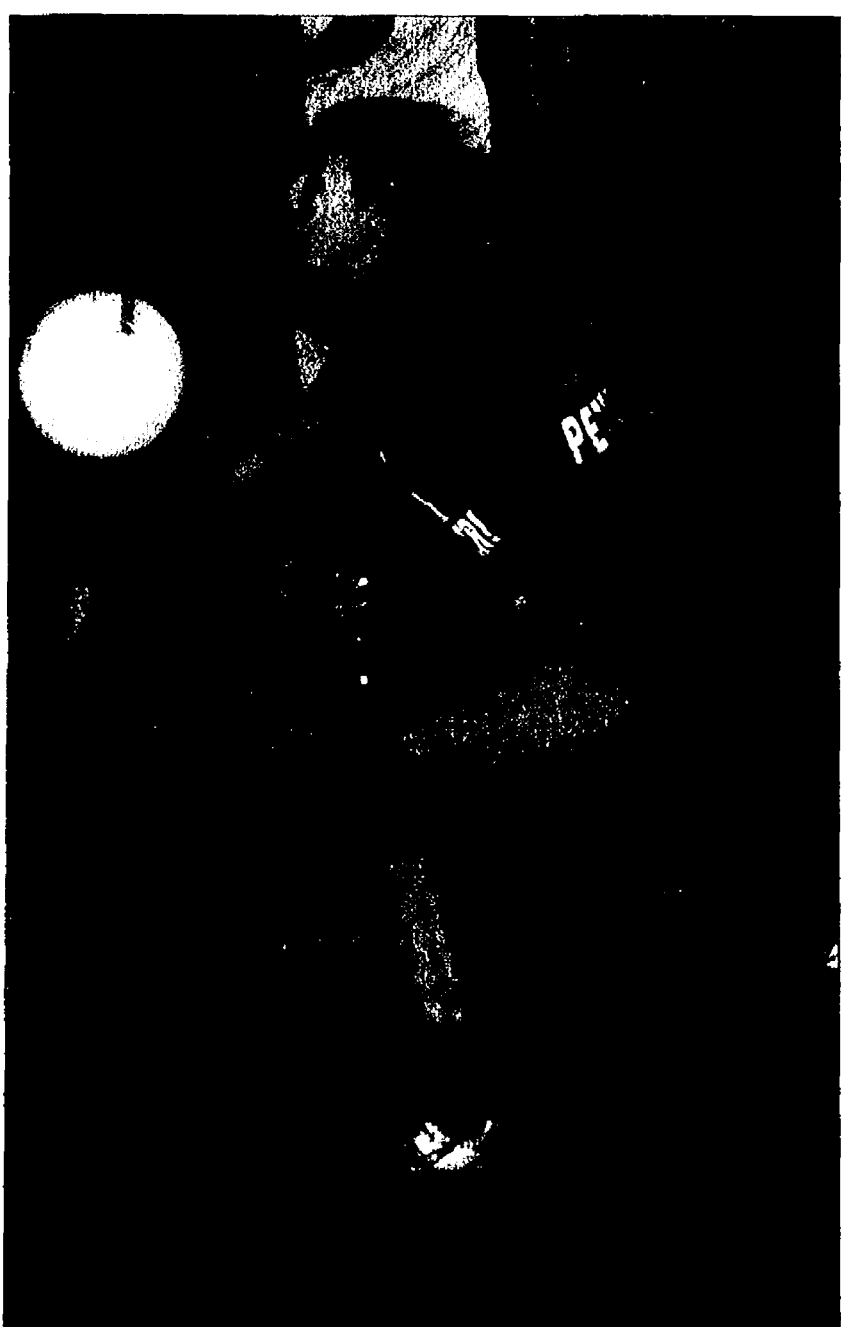

by Caleb Casey  
Senior Staff Writer

Grayling High School's varsity volleyball team had a successful season in 2011, winning a district championship and placing second in the Lake Michigan Conference, but this year's squad has only one full-time varsity player back from that group. This year's team will be young, featuring six sophomores, three juniors, and two seniors. One of the juniors played on the JV team for most of last year and she joined the varsity group for the last few meets.

"The underclassmen all seem to want to step it up, which is exciting," said Lindsay Smith, the new coach of the varsity squad. Smith coached the freshman volleyball team at GHS last year. "We have two new setters but they seem to be pulling the team together."

This year's squad includes: (seniors) Caitlin Prosser, Sarah Goodyear; (juniors) Jensen Stephan, Makayla Cragg, Marilyn Jankowski; (sophomores) Rachel Money, Sam Denno, Josey Hinkle, Courtney Hatfield, Peri Scheer, Casie Wakeley. Goodyear and Prosser, the two seniors, are co-captains.

## Vikings start season with six tournament matches

The GHS varsity volleyball squad opened its 2012 season with six matches (all in pool play) at the Roscommon Summer Classic - a seven-team invitational tournament held on Friday, Aug. 17.

The Vikings started the tournament with two losses vs. Roscommon (9-21, 17-21). Grayling posted splits in its next three series. The Vikings won one and lost one vs. West Branch

Ogemaw Heights (13-21, 21-15), McBain (10-21, 21-19), and Mio (21-18, 17-21).

The Vikings lost both games vs. Kalkaska (14-21, 19-21) and Caro (17-21, 14-21) in their final two series

of the day.

Grayling finished the tournament with three splits and three losses.

The Vikings will play two league opponents in a meet at Harbor Springs on Tuesday, Sept. 11.

## Football team to start year with game at Roscommon on Thursday

Continued from Page 1B

"We'll have more sophomores and juniors starting on varsity than seniors," Coach Sanchez said.

Sanchez said practices have been "pretty good" so far. They started practicing on Monday, Aug. 6.

"Being so young we're really inconsistent. Day one wasn't the best but we've been getting better every day," Coach Sanchez said.

Having so many players has had an effect on practice drills, and it's resulted in equipment shortages at times, Coach Sanchez said.

"Every day we're amazed. We have so many players. We've been on the upward climb. Never a better time to be a part of this," Coach Sanchez said. "The coaches have been putting in the time to make sure we're ready and the kids have definitely been putting in the work."

The players worked out in the weight room all summer, four days per week,

starting in June. They participated in six 7-on-7 passing jams, plus Grayling High School's annual spread offense camp in July. The team also had its BAHUNA Camp - an overnight event that includes conditioning and team bonding - on Aug. 1.

Coach Sanchez said the biggest strength of this year's team so far is "skill position depth."

"There's a lot of position battles. We have lots of depth at our skill positions, which is good, keeps legs fresh, creates competition. That's good - makes us better," Coach Sanchez said.

One of the challenges this year will be to reconstruct the team's offensive and defensive lines after losing most of those starters to graduation.

"Basically five new linemen this year. We have to see who fits where," Coach Sanchez said.

The team is starting out the year with a simple goal:

win.

"Every year our goal is to win every game," Coach Sanchez said. "With those five sophomores brought up last year our JV (team) still went undefeated, and they lost their starting quarterback in week five (injury). They love football. They're winners."

"We want to win the league. We want to host playoff games, but - number one - we want to beat Roscommon, take it one game at a time," Coach Sanchez said.

The Vikings will open their 2012 season with a game at Roscommon at 7 p.m. on Thursday, Aug. 23. The team will host the Houghton Lake Bobcats at 7 p.m. on Thursday, Aug. 30. The Vikings will start their league slate with a game at Charlevoix on Friday, Sept. 7.

Grayling's league - the Lake Michigan Conference - will have a different setup this year. Traverse City St.

Francis, a program with multiple state titles that has generally dominated the conference, will no longer play a full league schedule in the LMC and will not be eligible to win the conference title. A few years ago, some of the LMC schools pushed for removal of St. Francis from the league for football, but the conference opted for this compromise - the Gladiators will play a few of the LMC schools that chose to keep St. Francis on their schedules (including Grayling) and they will play the other LMC schools on a rotating basis, a couple per year - with the changes going into effect in 2012.

Grayling will host St. Francis this year at 7 p.m. on Friday, Sept. 14 - the fourth week of the season. In past years, the St. Francis vs. Grayling game has been later in the year; it was the regular season finale last season.

"I like that, playing them earlier," Coach Sanchez said. "Gives us some focus now during the offseason. They play some tough competition early on, so we'll be able to get a good scout."

# Soccer team starts year with 2-2 tie vs. Ogemaw

Vikings score on penalty kick, corner kick vs. Falcons

by Caleb Casey  
Senior Staff Writer

The GHS boys soccer team opened its 2012 season with a 2-2 tie vs. the visiting Falcons of West Branch Ogemaw Heights on Friday.

After more than 38 scoreless minutes, Ogemaw scored the first goal of the match approximately two minutes before halftime. The Falcons led 1-0 after the first 40 minutes of regulation.

At the 28:45 mark in the second half, Jeff LaVigne scored on a corner kick for Grayling, curving it directly into the net. Approximately 10 minutes later, the Falcons scored to take a 2-1 lead.

Jacob Robbins scored for the Vikings on a penalty kick at the 12:27 mark, tying the match at 2-2.

Neither team scored again. Since it was a non-conference game, the teams did not play overtime, leaving it a tie at 2-2.

"Exciting game," Coach Nate Alyas said. "The guys showed up great. The defense showed up very big. We controlled the ball more than they did."

Goalkeeper Matt Burrell had several saves for the Vikings in the contest.

"Matt did really good, had a lot of saves for us," Coach Alyas said. "He's doing really good, saving a lot."

It's unusual to score a goal by putting a corner kick directly into the net without any deflection, like Grayling's first goal of the match, but that doesn't mean it was a fluke; the team's been working on it in practice.

"We've been practicing

Tyler Powers battles an Ogemaw player for the ball near the sideline during last Friday's soccer game.

that," Coach Alyas said.

Coach Alyas said the team's early practices have gone well so far with three-hour sessions every day.

"They've been responding very good," Coach Alyas said. "Hopefully we'll have good games for the rest of the season."

Coach Alyas hopes the

team will be one of the top programs in the Lake Michigan Conference this year.

"We'll try to lead the conference if we can. I know we have Elk Rapids; that's a tough team," Coach Alyas said. "We'll have a good season this year."

The Vikings will play at

Cheboygan at 5 p.m. on Thursday, Aug. 23. Grayling will host Kalkaska - its first league opponent - at 5 p.m. on Monday, Aug. 27.

The Vikings are playing all of their home games at Grayling High School this year. Last year, they played at the Crawford County Sports Complex.

Mike Gardiner fights for the ball during last Friday's nonconference game vs. the Ogemaw Heights Falcons.

Jordan Bulmer knocks the ball away with a slide tackle vs. Ogemaw Heights on Friday night.

## Volleyball team will feature young group this year

Continued from Page 1B

"I think with them being so young we'll have to work on communication between our setters and our hitters. We just need to make sure we're always thinking ahead, always planning our next play," Coach Smith said.

The program conducted its tryouts on Aug. 8-10 and started its practice sessions

last week.

"Tryouts went well. We had a lot of girls try out, which says good things about the program," Coach Smith said.

"I definitely think one of our strengths is they want to be here; they love this sport. They want to win games," Coach Smith said. "They want to work hard. They're expecting a lot out of them-

selves. They're helping each other; they're communicating. They want to be the best they can."

One of the team's goals this year is to serve at least 90 percent.

"Our serving is a strength. They're strong servers," Coach Smith said.

The team's schedule features an early tournament and then a sizeable wait

before the next meet. The Vikings opened their 2012 season with a tournament at Roscommon on Friday, Aug. 17, but they do not play again until the second week of September.

The Vikings will play at Harbor Springs on Sept. 11. On Thursday, Sept. 13, the team will host Kalkaska at 6 p.m.

### ATTENTION NEW STUDENTS!

Parents are urged to register their children beginning the week of August 20, if they are new to the Crawford AuSable School District. Students new to the district can report to the building they will be attending from 9 a.m. to 4 p.m. Monday thru Friday. A current immunization record must be presented or contained in transfer records. At the elementary level, the building principal will assign the student to a classroom. At middle school and high school levels, the student will be assigned a counselor who will assign a class schedule after reviewing transferred records and meeting with the student to discuss goals, interests, and past successes. For this reason, although not mandatory, it is suggested that all new to the district high school students call ahead and make an appointment with high school counseling office secretary Teresa Bonamie at 344-3512.

#### Michigan Requires Immunization For School Entry

Michigan law prohibits a principal or teacher from admitting new entrants to school without a record of having received at least one dose of each: measles, mumps, rubella, polio, diphtheria, tetanus and pertussis. Records for all entering kindergarten students and students enrolled from outside the district will be reviewed to ensure immunizations are up to date. Notice will be sent to parents or guardians if there is no immunization record upon school entry or if records are incomplete. Students not in compliance with state immunization requirements will be excluded from school until documentation of immunization is presented. Parents may sign a waiver if they have a religious or other objection to immunization, or they may provide a statement of objection for medical reasons which has been signed by a physician. Michigan law requires that all students be immunized against diphtheria, tetanus, pertussis, polio, measles, mumps and rubella. Immunization can be obtained from your physician or health department.

### BUILDING USE BY OUTSIDE GROUPS

Persons or groups wishing to use school district facilities outside of the regular school day can call the building administrator of the building they wish to use. A building request form will be provided online at [www.casdk12.net](http://www.casdk12.net) and if the request is approved, a contract will be completed. It is the policy of the district to charge a fee for such use. Fees are based upon the cost of utilities, materials, and personnel to the district and upon the type of group using the facility. Requests for building use must be filed at least ten days prior to the date requested. Requests for use during school hours must be processed through the building principal.
